

Children's Special HealthCare Services

CSHCS Newsletter

December 2020

Happy Holiday's from your CSHCS Team

We are able to meet all of your Children's Special Health Care Service needs over the phone and if needed in person. We are able to offer support through the COVID-19 pandemic. Please do not hesitate to reach out to us with any needs that arise.

We are working with Diaper Alliance and can assist with emergent diaper needs. Please contact Kelly Bauer at 837-7141.

Just a Few Reminders!!!

It is important for the health and wellbeing of your child to **keep all scheduled appointments** with their specialist.

Physician's have adapted to Covid-19 by seeing patients face to face, or scheduling a telehealth appointment.

PLEASE remember to get your FLU SHOTS!!

Flu shots can be scheduled through your Health Department, your physician's office, or your local pharmacy.

CSHCS strives to enable individual's with special health care needs to have improved health outcomes and an enhanced quality of life through the appropriate use of the CSHCS system of care

Happy Holidays

Need Help covering cost of traveling for out of town appointments?

CSHCS will reimburse .58 cents a mile for out of town appointments, and will pay up to \$75 for an overnight stay?

Call Christy (832-6673) for more information, or for mileage reimbursement.

If you are part of a Health Plan or have Medicaid please call the transportation number on the back of your insurance card to inquire about reimbursement.

Children's Special

Health Care Services

Are you prepared for COVID-19

Make sure that you have at least a 30-day supply of your [medicines](#).

Take [everyday precautions](#) like washing your hands, avoiding close contact, and [staying at least 6 feet \(about 2 arm lengths\) from other people](#).

[Wear masks](#) in public settings and when around people who don't live in your household. When out in public, keep away from others and [avoid crowds](#).

[Wash your hands](#) often with soap and water for at least 20 seconds or use [hand sanitizer](#) that contains at least 60% alcohol.

Avoid [cruise travel](#) and non-essential air [travel](#).

During a COVID-19 spread (outbreak) in your community, [stay home](#) as much as possible to reduce your risk of being exposed.

[If someone in your home is sick](#), have them stay away from the rest of the household to reduce the risk of spreading the virus in your home

Wash your masks regularly

Masks should be washed regularly. Always [remove masks correctly](#) and [wash your hands](#) after handling or touching a used mask.

- Include your mask with your regular laundry
- Use regular laundry detergent and the warmest appropriate water setting for the cloth used to make the mask
- Use the highest heat setting and leave in the dryer until completely dry
